

The estate was originally founded by **François Gerbet** in 1947. Until 1983, the Gerbet sisters **Marie-André** and **Chantal Gerbet** took over the duty of **Domaine Francois Gerbet** from their father and they have been making impressive Vosne Romanée since then. The Gerbet sisters are related to the Sirugue family in Vosne-Romanee, as their mother, **Suzanne Gerbet** – born Sirugue, is the sister of **Robert Sirugue**.

François Gerbet has 12 hectares of vineyards, including 0.31 hectares of Grand Cru **Clos de Vougeot**, 0.19 hectares of Grand Cru **Échezeaux**; Vosne-Romanée premiers crus **Les Petits Monts** and **Les Suchots**; Chambolle-Musigny premiers cru **Les Plantes**; village Vosne-Romanée, including Lieu-dit **Aux Réas**. Half of the exploitation is in the **Hautes Côtes de Nuits**.

The recipe here is for de-stalking in most vintages, a cuvaison of about a fortnight and up to 75% new wood for the top wines and the separately bottled village Aux Réas.

The Gerbet sisters are now one of the female biodynamic pioneers in Vosne-Romanée and Robert Parker has awarded the domaine with 3 stars rating.
